

Ramblers Win League Title; Will Go Now For The Blue Chips

During the last week Didsbury Ramblers made the fact clear that they were going to end up on top of the Chinook Hockey League. They came out winners in two of the five league games since our last issue. The locals crumpled Carstairs 8-3 on local ice last Thursday and then returned the compliment by losing 4-6 to the southern centre in their last scheduled league game on Tuesday night.

In between these two battles the Ramblers hung a 6-3 loss on the old Dixie club playing here in town on Saturday night game more

than assured Didsbury of the league leadership.

The following standings include games played up to Saturday, February 16th.

Team	W	L	T	Pts.
Didsbury	11	2	0	22
Olds	8	4	0	16
Carstairs	6	7	0	12
Carleton Place	2	9	0	4
Red Deer	1	6	0	2

Final league standings, individual scoring leaders and league playoff data will appear in these columns next week.

RAMBLERS IN PROVINCIAL PLAYOFFS

A word of explanation may be welcomed regarding the coming playoff series as regards the Didsbury Ramblers. On the completion of the Chinook League schedule, the first and third clubs will enter a two out of three game series; the second and fourth teams will follow the same pattern. Winners of each section will meet in a best of three series for the league championship.

In addition to league playoffs, the Ramblers are also entered in the provincial "C" intermediate playoffs. The first game in this series took place at the local arena on Wednesday night (too late to show in this issue), with the Calgary Capital Hill club providing the opposition. This is a two-game point series; date of the second contest will be announced later.

Doctor Answers Church Sessions . . .

(From Our Own Correspondent)

Carstairs, 18th Feb. 1958

The Editor, Didsbury Pioneer.

Dear Sir:

If the Sessions of the Didsbury and Western United Church are so keen to protect the reputation of their minister, they should first protect themselves by ensuring that he should not abuse the freedom of the press to propound upon subjects on which he is not qualified to pontificate.

The main object of my previous letter was to draw discredit on your minister, but to draw attention that a minister, who may have read a little about "disease", is not a doctor, and that, the views he propounds upon "disease" are those of a layman. But, as a minister, he should occupy a place of influence in the community, and the use of this influence to exploit his particular view on "disease" is an abuse of privilege, especially when these views are given as

THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

58.2 Per Cent of Canada's population live in places of 10,000 or less. THESE ARE WEEKLY NEWSPAPER MARKETS.

Who Pays For ADVERTISING

?

NOT the newspaper reader, because he saves both time and money by shopping the wide selection of honest values offered through the advertising columns.
NOT the advertiser, because advertising always returns a profit when it is used correctly and consistently!
NOT the publisher, because of the hundreds of firms who profitably invest hundreds of thousands of dollars in newspaper advertising!

★

Every Line of Advertising in The Paper Is Paid For By The Fellow Who Doesn't Advertise !

The business which the non-advertiser loses pays the costs of advertising and ALSO returns a nice profit to the fellow who does advertise! HOPING for more business is not as effective as inviting more business!

WHERE CAN YOU GET CHEAPER AND BETTER ADVERTISING VALUE THAN IN THE DIDSBURY PIONEER, WHICH REACHES 90% OF THE HOMES IN THE DISTRICT AT A COST OF LESS THAN 1/4 CENT PER READER FOR AN ADVERTISEMENT THE SIZE OF THE ONE YOU ARE READING.

A Joker In The Crowd ?

Would you like to join a club that can get you the things you need at whole sale prices?
This interesting bit of bait is our-

rently being dangled in front of Alberta farmers and country folk by a company set up less than a year ago. Membership cost up to \$100.

The Better Business Bureau said the company's head office is in Edmonton but it has a branch office in Calgary. Careful scrutiny of what is being offered is advised by the bureau.

Volume of inquiries coming into the bureau indicates the company may be doing a land office business. Warning that the magic word, discount, unfortunately is not always indicative of a genuine price cut, the Better Business Bureau suggested asking the discount merchant the following questions:

1. Is the merchandise of well-known manufacture?
 2. Is it fully guaranteed in writing?
 3. What service may I expect such as replacement of parts?
 4. Does the quoted price include all charges such as shipping?
 5. May I inspect the merchandise before acceptance?
 6. May I expect a refund if goods are unsatisfactory?
- The bureau pointed out other retailers are wondering how a retailer can do business at "wholesale" prices and stay in business.

It was decided to hold a St. Patrick military whist party at the Westcott school on March 14th. Members are reminded to bring their earnings for the contest at the March meeting.

WEDDINGS

The United Church at Carstairs was the scene of a pretty wedding recently when the Rev. A. W. Magee became the bride of John Lloyd Pawsen of Big Prairie. Rev. A. W. Magee conducted the ceremony.

The bride entered the church on the arm of her father, Mr. Stanley Low. Her waist-length gown was white net over taffeta, with a lace jacket buttoned from collar to waist. Her dance sequin-sprinkled veil draped softly from a crown of pearls and roses. She carried a bouquet of red roses.

The only attendant, Patricia Low, wore a dark rose waist-length gown of lace net with a net stole around her shoulders. She carried a nosegay of white carnations.

The best man was Mr. Ted Coombes; Mr. Tom Lashmar was the usher. Mrs. Betty Pawsen was the organist and played during the signing of the register. The church and reception hall was decorated with flowers, made by the bride's sister, Sandra.

At the reception tables were laid for 50 guests. The three-tier wedding cake was decorated by the bride's grandmother, Mrs. Elizabeth Wearmouth. A telegram of congratulations was read from the bride's other grandmother, Mrs. John Low.

Later in the evening a wedding dance was held at the Cremona hall with a large crowd in attendance. Following this the happy couple left for a honeymoon in Banff, following which they will take up residence on the Haddow ranch, west of Cremona.

LONE PINE ORIOLES HOLD FEBRUARY MEETING

Thirteen members attended the February 15th meeting of the Lone Pine Orioles Girls' Club at the home of Mrs. Don Thompson. Roll call was answered by home-made valentine place cards being handed in.

The best program books in the club, owned by Jeanette Haderer, Karen Brander and Carol Clippely were sent to the provincial leader.

Two shower gifts for former members are to be purchased and two sick friends will also be remembered.

Beverly Thompson gave a report on "Education." The ten-cent draw netted \$2.20 and was won by Mrs. W. Haderer. The puzzle contest conducted by Mrs. Don Thompson saw Lisa Brander, Deane and Dorothy Page come out as winners.

The answers to the questions you most frequently ask about natural gas service and rates in Southern Alberta
Gas Supply - Part 2

Has The Company Other Plans For Augmenting Its Gas Supply?

Yes. The company has offered to buy gas from the Okotoks field. It is expected that it will be supplying the Canadian Western system by the middle of 1939. The Okotoks field will add at least 115 billion cubic feet of gas to the company's reserves. However, it can contribute only modestly to the problem of meeting winter demands.

What Is The Company Doing To Assure Supplies Beyond The Next 10 Years?

The problem of meeting future demands is one that has always received constant study by Canadian Western. However, long range plans can not be firm up too many years in the future, as new fields are being discovered which alter earlier thinking.

The company has always tried to keep its planning flexible and take advantage of new fields found near its markets and its pipelines. In this way it can continue to provide its customers with the most economical gas service possible.

The company's studies show it would not be in the interest of Alberta customers to go out today and purchase sufficient gas in the ground to take care of, say the next 30 years. Such a course would result in the expenditure of many millions of dollars, the annual interest on which would add unbearably to the gas rates.

However, it is important that supply be assured for the future. To accomplish this objective the company has entered into a contract with Alberta and Southern Gas Company Limited under which Canadian Western's requirements are given priority over Alberta and Southern's export market. Such gas will be supplied by Alberta and Southern at its cost.

In this way reserves for the future needs of Southern Alberta have been assured, without spending millions of dollars now for the purchase of gas reserves to be used only in the future.

What Is The Company's Attitude Toward Gas Development & Export?

For more than 45 years the company has striven successfully to assure Alberta consumers all the gas they require—when they want it.

This is still the prime objective of Canadian Western.

Our policy today, as always, is that the Alberta consumer must be protected before gas export from the province can be considered. Canadian Western believes it is absolutely essential that no additional quantities of gas be permitted to be withdrawn from the province unless such exports

are contingent upon Alberta having a prior call upon that gas if it is needed for Alberta consumption.

Why Is Canadian Western Associated With An Export Project?

The company feels that through its contract with Alberta and Southern it is best able to protect and meet the future gas requirements of Alberta consumers. If the Alberta and Southern project receives the necessary government approvals, gas reserves will be developed on a scale that is not possible if markets are limited to those within the province. And under the terms of the contract with Alberta and Southern our customers' requirements are given priority.

By combining its needs with those of a major export pipeline, Canadian Western can take advantage of economies of operation which would not be otherwise available to the company. Because it is regulated utility governed by Alberta government authority, such economies will be passed on to the consumer.

Its financial interest in the project is a minor one, and is a normal business venture on behalf of the shareholders.

Who Owns Canadian Western?

The financial structure of Canadian Western consists of bonds, preferred shares and common shares. The bonds, representing borrowed money, were sold by public offering in Canada. The company is owned by the preferred and common shareholders. The preferred shares were sold in Canada and a considerable number are owned by residents of Alberta.

International Utilities Corporation owns 97.5 per cent of the common stock of Canadian Western. International Utilities purchased its controlling interest in 1925.

Who Owns International Utilities?

According to the most recent figures, International Utilities is owned by 6,167 shareholders; of whom 2,991 reside in Canada and other Commonwealth countries; 3,155 in the U.S.; and 21 in other countries. Shareholders in the U.S. own 56.4 per cent of the outstanding shares, while those in Canada and other Commonwealth countries own 43.4 per cent.

What Municipal Taxes Does Canadian Western Pay?

Canadian Western pays municipal taxes in each of the communities it serves. In fact, it is a major contributor to the welfare of Southern Alberta cities, towns and villages. In all it serves 49 communities. In 1937 the total of municipal taxes paid by Canadian Western amounted to \$641,690.

(SEE LAST ISSUE FOR QUESTIONS ON RATES)

What is The Company's Principal Objective ?

SINCE ITS INCEPTION IN 1911, THE COMPANY HAS OPERATED UNDER THE SIMPLE POLICY OF TRYING TO PROVIDE THE BEST POSSIBLE GAS SERVICE AT THE LOWEST POSSIBLE RATES. ITS RECORD, IT BELIEVES, IS OUTSTANDING.

IN THE PAST 10 YEARS THE NUMBER OF CUSTOMERS IT SERVES HAS DOUBLED TO APPROXIMATELY 73,000. SO HAVE ITS PIPELINE SYSTEM AND THE VOLUME OF GAS SOLD IN 1946 IT WAS SERVING ONLY 18 COMMUNITIES IN SOUTHERN ALBERTA. TODAY IT SERVES 49.

IN 10 YEARS CANADIAN WESTERN HAS SPENT \$26,000,000 IN EXPANDING ITS FACILITIES.

IT HAS KEPT PACE WITH THE GROWTH OF THE PROVINCE, AND THE GROWTH IN DEMAND FOR NATURAL GAS IN SOUTHERN ALBERTA.

DESPITE SUCH EXPENDITURES, AT TIMES OF RAPIDLY RISING COSTS, THE COMPANY HAS BEEN ABLE TO MAINTAIN RATES THAT ARE AMONG THE LOWEST ON THE NORTH AMERICAN CONTINENT. THEY WILL CONTINUE TO BE SO, EVEN IF THE RATE INCREASE APPLIED FOR IS GRANTED IN FULL BY THE BOARD OF PUBLIC UTILITY COMMISSIONERS.

Ramblin'

and

Roamin'

Fast For The Record . . .

Didsbury Ramblers, the first hockey club we've had on top the league for these many long years, are having great success on the ice but are suffering on the sidelines. The turnstiles are just not clicking often enough; the chips are not falling into the pay chute often enough — in other words we have a league-leading team on the scoreboard only, certainly not at the bank. With playoffs on the near horizon 'twould be a fine idea to turn off the TV, put on the woolies, and help the Ramblers win a title, vocally and financially. You'll enjoy it and so will the players who have looked at too many empty seats this season.

A Sad Situation . . . No Less!

A well-known farmer of the east district (Mr. J. D. Thomas) reported to us last week that his posted property had been trespassed on by young hunters who were in the mood to take pot-shots at a number of "tame" deer that had been using the Thomas property as a home for many months. They had lunch with the cows. The so-called smart guys were warned off the property once, but returned later. Four of them went on the posted property and chased the deer outside the fence; waiting there were three others with shooting irons, who accounted for six of seven deer that were chased from their protected home. The ones responsible for the maneuver had the nerve to skin the dead animals on the spot and leave the hides hanging on the fence. Fortunately, four of the seven hammerheads have since been apprehended and paid out a fine, plus costs, in a district police court. In our opinion the amount levied was much too small, the penalty was just too light. We withhold the names this time — should there be a next time the story will read differently.

Sure Enough — It's Coming . . .

The Lions Club annual winter ice festival will hit the ice lanes at the local arena, come Saturday night. A fine program has been arranged and when you pass the portals it's pretty well guaranteed that your money will not be spent in the wrong direction. You'll enjoy yourself and have the hidden feeling that the entrance fee will go to a worthy cause.

Now We Know . . .

The long-awaited, much talked of opening of the Didsbury Lions Club Rest Room is scheduled for an early opening. (They tell us this time it's for sure.) We trust the information received is correct. After all, when you gotta go, you gotta go — 'twill be nice to have someplace to go!

Guest Editorial

The Lethbridge Herald comments on the call for election . . . CCF and Social Credit were openly in favor of the situation which resulted from the 1947 election because it gave them more influence in the House of Commons than they had ever had before or are ever likely to have again. The Liberals were not afraid of either an election or a Mr. Pearson's want of confidence (motion showed) of governmental responsibility. But . . . refused to force an election campaign at a time when all the energies of the government ought to be devoted to attacking unemployment and other national problems. The Prime Minister must therefore take full responsibility for the fact that the next two months will be devoted to political party business instead of to national business. He must take the responsibility for asking the electorate to endorse his blank cheque — for he has called an election before bringing down the budget. . . . (The election) will bring to an end, one way or another, the political uncertainty of the past seven months.

Jackson W.I. Meet

The regular meeting of the Jackson Women's Institute was held at the home of Mrs. Jesse Ray. The meeting was conducted by president Mrs. Otto Paas. The group will donate \$15.00 to the Carstairs Community Chest. A fruit cake contest was held. Each member brought a sample of her Christmas cake. Mrs. W. Pellet's dark cake and Mrs. J. Okon's light fruit cake were judged the best. A parade of fancy tea aprons, made by members and modelled by the ladies, were displayed. Mrs. Don Robertson, health convener, spoke on "Arthritis". Mrs. F. Somerville distributed Red Cross sewing. With the addition of two new members, the W.I. group now numbers 23.

Notes From D.A.

By HOWARD J. FULCHER

Crop rotations have an effect on quality and quantity of the grain produced. Much has been written and spoken about the value of hay and pasture produced in forage crops. Many just claims have been made as to the value of forage crops in a rotation. In improvement of soil fertility and control of wind and water erosion.

Extensive tests have been conducted to determine the difference in yield and quality of grain produced after forage crops. Following are some results that are worth considering, wheat was used as the crop following different forage stands as compared to following summer fallow. Two crops of wheat were grown, the figures given are the average of these crops after indicated forage crops. Alfalfa followed by wheat 29.1 bushels per acre with protein test of 12.6%. Wheat following Alfalfa-grass mixture 26.8 bushels testing 12.1% protein. With the use of sweet clover before the wheat crops this turned in as green manure, the average yield was 29.2 bushels protein 12.3%. In wheat following grass alone the yield was 25.5 bushels protein 11.5%. Comparing these to fallow with wheat following this resulted in an average yield of 26.2 bushels but the protein content was the same as following grass 11.5%.

These figures indicate the value of a legume in your rotations maintaining high yields with a high level of protein in the succeeding grain crops.

Why not include legumes in your cropping program? They control erosion, increase soil fertility, provide excellent feed for themselves, as well as increasing the nutrition value of succeeding grain crops.

If you are planning seeding down a good time as forage seed prices are not too high. Information is available at this office as to recommended rates of seed and suitability of various mixtures for hay.

Didsbury Troop Present Fellowship Program

The second Didsbury Troop Boy Scouts presented what is becoming their annual Youth Fellowship program in the Calgary (Parkdale) United Missionary Church, Sunday, February 2nd.

This is always a program well received by their Calgary friends. The boys, together with several of their friends, were first entertained in the home of their Scoutmaster, Mr. Waldin. After supper there they attended the Parkdale church where they presented their program.

Three of the Scouts, Ted Veens, Virgil and Ray Stauffer presented topics. Instrumental numbers were given by Gordon Reimer on his violin and Dennis Brado on his trumpet.

Colored slides were shown of some of the troops camping trips. Another interesting feature of the service was the presentation of three Queen Scout badges to patrol leaders Gordon Cabel, Arnold Stauffer and Lloyd Eby.

In the congregation was District Commissioner Art Jenkins of Calgary and Scoutmaster Mitchell, with one of his Scouts, Wayne Shellenburg, from the Montgomery 32 Troop.

THE
Homemakers

By HELEN HOWARD
District Home Economist

Dear Homemakers,
Please Pass The Pancakes!
This Tuesday was Shrove Tuesday, an age-old religious celebration which includes the custom of serving pancakes. So today I'm thinking about pancakes - Any day can be pancake day. If you are too rushed at breakfast time serve pancakes for lunch or supper. Served with bacon or sausage they are an easy change for "the cook" and the family will enjoy them too.

Basic Pancake Recipe

1½ cups all-purpose flour
1 teaspoon salt
2½ teaspoons regular baking powder or 1½ tsp. Calumet or other double acting baking powder
2 eggs, well beaten
1½ cups milk
2 tbsp. melted shortening
If you use Calumet or other double-acting baking powder you can keep left over batter until another meal.

Mix and sift dry ingredients. Make a well in the center and add beaten eggs and milk well mixed. Add melted shortening during mixing. Mix only enough to combine wet and dry ingredients. (Batter will seem lumpy but lumps cook out.) Don't over mix by trying to get a smooth batter. Pour onto a hot griddle and cook over moderate heat. Serve hot. Choose a heavy pan. The iron is hot enough when water dropped on it forms quickly.

Variations

1. Add ½ cupful of finely chopped apple or well drained canned pineapple to batter.
2. Add ½ cupful of your favorite nuts - peanuts, walnuts or pecans to batter.
3. Add ½ cupful of raisins.
4. Add ½ cupful chopped crisply fried bacon to batter.
5. Add ½ cupful cornmeal or granular meal is frequently used to improve the texture of plain griddle cakes.

Pancake Problems

Do you find they stick to the pan. Then increase the shortening in the recipe.

Are they soggy? Your cure to increase the amount of egg or baking powder.

Not crisp enough? Use more egg and increase shortening slightly.

SEWING SECRETS

For a crisp line at neckline and armholes, it's important that facings be flat. The secret — understitching. After stitching a facing to the neck or armhole, press seam toward facing. Then make another row of stitching close to the seam line, through facings and seam allowance. Press all facings to the inside, then tack at seams and shoulders.

Keep White Nylons White

White nylons and other synthetics have a tendency to become grey or yellow. To help prevent this: Wash whites separately. Soak before washing. Wash well with soap or detergent. Use hot water leaves a curd which deposits in the fabric and causes greying. Rinse thoroughly — improper rinsing is very often the cause of greying.

MAKES SENSE ! ! !

If equality of the sexes is ever achieved, it will take men some time to get accustomed to get accustomed to their new rights.

LIGHT YOUR WAY
WITH BIBLE STUDY

"Know ye what I have done to you?" The Savior had just performed a most menial service; He had washed the feet of His disciples the act of humility they have just witnessed. He asked the question, "Know ye what I have done to you?"

That same question we can ask in this Lenten season. Let us briefly look at a few scenes from the momentous event of history. "Know ye what I have done to you?" Christ's faltering lips ask us as we behold Him in those agonized moments when an angel from heaven helped to rally His waning strength.

"Know ye what I have done to you?" He appeals as we see Him rejected and despised, led from one snarling high priest to the other during lingering hours before the day blushed on that fearful Friday.

"Know ye what I have done to you?" He repeats as the soldiers let loose their brutal spite against the Holy Innocent of God, by clothing Him in purple, by pressing a crown of thorns into His bleeding head.

"Know ye what I have done to you?" He pleads as we stand beneath the Cross of Calvary and see Him writhing between the Heaven that forsake Him and the earth that despised Him.

Do you know what He has done to you, and for you?

General Averill of the United States Army in Arizona, stated that while he was there, an Indian slew a white man, and then made his escape. Orders came from Washington to demand that unless the murderer was delivered on a certain day, war would be declared on the whole tribe. The Indian chiefs searched faithfully for the murderer, but could not find him. Then the warrior said: "Brother, we cannot find this man. The white men will make war, and our women and children will be killed. Shoot me and give my body to the white commander." This was done. The warrior sacrificed himself for the tribe that they might live. This is what Jesus has done for you. "Who gave Himself for our sins, that He might deliver us from this present evil world."

Bachelor Days
Are Over . . .

The good Wife has come back home again. We went into town and got her off the train; The house was cleaned up with spic and span. And we put away all the old tin cans.

We made up the beds, and swept the floors, And put some new hinges on the kitchen door. We picked up the bottles, that were scattered around. And put them in a hole under the ground.

The cobwebs were swept from of the walls. And we shovelled the mud from out of the hall; We used the last of the mulligan stew. To clean the silver just like new. The bachelors were all sorry to see

The good Wife a coming home to me; Now they will have to stay home and pine.

For a cup of soup, that tasted like wine. The fridge was as empty as a big bass drum. And no bread in the box, not even a crumb;

But now the Wife is back home from the East. She makes every meal, just like a big feast.

We were really glad to see her come back. Now we will get plenty to eat to take up the slack.

We hope, she will decide, no more to roam. But stay and look after "Home Sweet Home."

The Cold War Is On . . .

An election has been called, the battle is on. The politicians are singing their election songs: We are all going to get a free trip to the moon. According to the promises of Mr. Joe Bloom.

Now Mr. Wimple is going to do better than that. He will take us to the moon and build us a shack: Where we can live in peace for evermore. And there won't be any tax collectors at the door.

Now Clarence Bendlow is the ladies choice. He is a cute little fellow with a golden voice: The ladies will all get Eternal youth. If they vote for him in the election booth.

Now the farmers should vote for Mr. Neet. He has a plan to get rid of their wheat: Give it to the hungry, the weak, and the poor. So they will not need to so hungry anymore.

The big brack Scot, old Jack MacBride. Would like to send the opposition for a ride: In a satellite cruising in outer space.

To get them out of the election race.

If the promises they make all come true, We could trade off our old things for something new: And just live a life of comfort and ease. Without any work, and we could do as we please.

In the coming election may the best men win. And do their best when they are voted in: To keep the peace, in all the lands. For they will hold our destiny in their hands.

CHRISTIAN SCIENCE

The fact that all things are possible to God will be brought out at Christian Science services Sunday.

Scriptural passages in the Lesson-Sermon on "Mind" will include the following from Isaiah (40:28): "Hast thou not known? Hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? There is no searching of his understanding."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (180:25): "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible. The only way to this living Truth, which heals the sick, is found in the Science of divine Mind as taught and demonstrated by Christ Jesus."

The Golden Text is from Job (38:5): "Behold, God is mighty, and despatcheth not any; he is mighty in strength and wisdom."

BAIT STATISTICS: As I told you in my letter last week we are again administering a 1080 poison program to control the coyotes. I am herewith giving a list of the land locations on which these baits are located and also ask that those who live in the vicinity of these locations take every precaution to safeguard the life of your dog if he is inclined to wander away from home. The bait is just as deadly for dogs as it is for coyotes.

These baits are located a mile or more from the nearest habitation and we have signed permission in each case from the land owner or owner.

HAVE YOU BEEN POURING FUEL DOWN THE DRAIN?

Who ever heard of anything so foolish? That's what you're probably saying. Yet thousands of farmers do that very thing every year . . . by operating sluggish tractors. Authoritative tests at the University of Nebraska proved that every tractor loses power during a year's time . . . as much as 20 per cent in some tractors. This means increased

costs—for extra fuel . . . extra work . . . longer hours in the field.

Our skilled mechanics can put your tractor back in top condition for fuel- and work-saving performance next season. Trained in John Deere servicing methods, our mechanics know what to do and how to do it . . . quickly, efficiently. This means quality service at the lowest possible cost.

Right now . . . while we're not rushed, is an excellent time to have your tractor tuned up . . . reconditioned, if necessary. Stop by the next time you're in town and let's talk over your service needs!

On Wednesday of last week the annual meeting of the Board of directors was held in the college. All but one of 18 members was present. The board was reorganized with Rev. W. D. Annett as chairman and Miss Gladys Eby as secretary. A constitution, setting out the regulations and by-laws was presented by President Taylor and after discussion and amendments was referred to the conference of the church for ratification. Wednesday noon Mrs. Kasey, dean of women, arranged an extra table in the dining room for the board. The vice-chairman of the board, Rev. N. W. Swaim of Edmonton, expressed words of appreciation for the kindness shown them while here.

Rev. Palmer of the United Church was guest speaker in the Chapel on Wednesday of last week. His message was greatly appreciated by students and faculty, as well as the members of the board of directors. Over the weekend, faculty and students formed groups to visit all the churches in the conference. Mr. H. E. Oke and Rev. A. Habermehl also assisted. It was the annual College Day of the needs of the college were presented to the churches in this way. The reports on Monday morning in chapel were very gratifying.

Rev. Bob Simpson showed another very interesting film in last Tuesday's chapel. Mrs. Lee of Toronto accompanied Mr. and Mrs. Simpson when they visited the school. Her husband was the Rev. Lee associated with the Evangelical Christian Press of Toronto.

The Arthur Boy's have acquired a new car. It is one of the smaller models and certainly is a neat looking car.

Lois Suder was home for part of last week. She has had a holiday during the last week and spent part of it with her mother.

President and Mrs. Taylor and family were visitors in Edmonton last weekend. They took students with them of course, and the Sherick sisters for the services on Sunday. Mrs. Taylor's mother has been down during the week for the week for the board of director's meeting, of which she is a member.

Letter To The Editor

To The Editor,
Didsbury Pioneer,

Dear Sir:

I see in your paper quite a bit about bail suppression, and I don't agree with bail suppression.

I believe nobody in the world can stop that, if the Lord sends it to us as a punishment, and if nobody can agree with that, read the second book of Moses, Chapter 9, Verse 18, and read on and see what you find and think it over good. So you know what to read. Christ gave us an example when He said see Heaven, Moses and the Prophet. Let them hear them, and read farther in the book of Job, Chapter 38, Verse 38, Verse 22, see where the snow and hail came from and be careful what you read so you can defend yourself from all evil; and read further.

Revelation Chapter 16, Verse 21. "And there fell upon men a great hail out of heaven, every stone about the weight of a talent, and men blasphemed God because of the plague of the hail, for the plague thereof was exceedingly large."

And if you think that is not true read Revelation Chapter 22, Verse 18 to 21, and you'll find the truth. (Signed) ADAM MORASCH

DELUSION ! ! !
A woman walked into a psychiatrist's office leading a small white duck by a chain.

"What can I do for you, madam?" the psychiatrist asked.

"Oh, it's not me," said the lady, "it's my husband. He thinks he's a duck!"

WEDDINGS

SCHAFER — WALDER

Redeemer Lutheran Church in Didsbury was the scene recently of a very pretty double ring ceremony which united in marriage Miss Olga Roberta Walder, daughter of Mrs. George Walder of Didsbury, and Mr. Gordon Schaffer, son of Mr. G. Schaffer and the Mrs. Schaffer of Three Hills. Rev. E. B. Fox officiated at the ceremony.

The bride was escorted down the aisle by her eldest brother, Jack, who gave his sister in marriage. Matron of honor was Mrs. Henry Ehret, sister of the groom and the junior bridesmaids were Diana and Janet Walder. Flower girls were Heather Bird, niece of the bride, and Patricia Ehret, the groom's niece. Attending the groom were Mr. Norman Stickle, nephew of the groom and Mr. Richard Walder, brother of the bride.

The bride's mother was attired in a cocoa brown one-piece dress with beige accessories and wore a corsage of red roses.

Ushering the guests were Mr. William Walder and Mr. Henry Ehret.

Proceeding the ceremony Mrs. Herbert Goetjen sang "The Wedding Prayer" and during the singing of the register rendered "O Perfect Love." The nuptial music was played by Mrs. E. B. Fox.

Following the ceremony a reception was held in the basement of church, which was tastefully decorated with pink and white streamers. The bride's table was centred with a three-tiered wedding cake, beautifully decorated by Mrs. Maynard Snyder. Seventy-three guests sat down to a bounteous turkey supper at which time a toast to the bride was proposed by her brother-in-law, Mr. Alex Bird, and to which the groom very fittingly responded.

Following a honeymoon trip to Banff and other points the happy couple will make their home at Allingham.

Out-of-town guests included relatives from Kamloops, B.C., Edmonton, Calgary, Innisfail, Olds Three Hills and Allingham.

OUR FAVORITE CURLER SHOWS 'EM HOW !!!

As the headline infers, we do have a favorite curler in Didsbury — the name? — Daisy Mae McCoy. She doesn't reveal her age to many people but we did hear one day recently that she admits to 76 years, whatever her age that's her secret.

Whatever the score agewise, Mrs. McCoy was skipping her rink in a bonspiel in Olds last week. The score was tied in the ninth end and the opposing skips had to throw one rock each to decide the winner as the whistle had blown.

Mrs. McFarland of the Calgary Glenside Club threw what she thought was adequate rock to win the game. Not so! Daisy Mae settled down and followed through with an exceptional shot that landed inside the 8-foot circle to win the contest.
